## In Memory of Dr. Tom Bajo

Dr. Tom Bajo led the ICU medical team at Banner – University Medical Center Phoenix from 1983 to 2014 and he lives on in our memories through his compassion for patients and their families, whom he treated like his own. Since his passing in 2017, this endowment—supported by many generous people, including Dr. Bajo’s friends, family, and colleagues, and the families of his former patients—has been helping families in need, just as Dr. Bajo quietly did during his life.
